To Whom It May Concern,

_____, is a current employee or volunteer of The Delores Project.

The Delores Project (TDP) provides shelter, housing and supportive services to individuals experiencing homelessness and barriers to housing. During COVID-19 TDP remains open for shelter guests and supportive services for Permanent Supportive Housing residents.

Under the Department of Public Health & Environment's March 23, 2020 "Stay at Home" order, TDP is considered an "Essential Business." More specifically, TDP falls under the definition of "Business that provides food, shelter, and social services, and other necessities of life for economically disadvantaged or otherwise needy individuals."

The Delores Project has staff and volunteers traveling at any hours of the day to support shelter and permanent supportive housing residents. TDP staff travel in and out of the office outside of business hours, and should be cleared for business travel at any time to get to and from the shelter, residences, and business offices or in support of those functions (meals, supplies, etc).
